

Credit/Debit Card Payments Available with FDpay!

FastDirect Communications has partnered with Pace to make it easy for your school to accept credit card and debit card payments from parents for anything from tuition to yearbooks!

Integrated

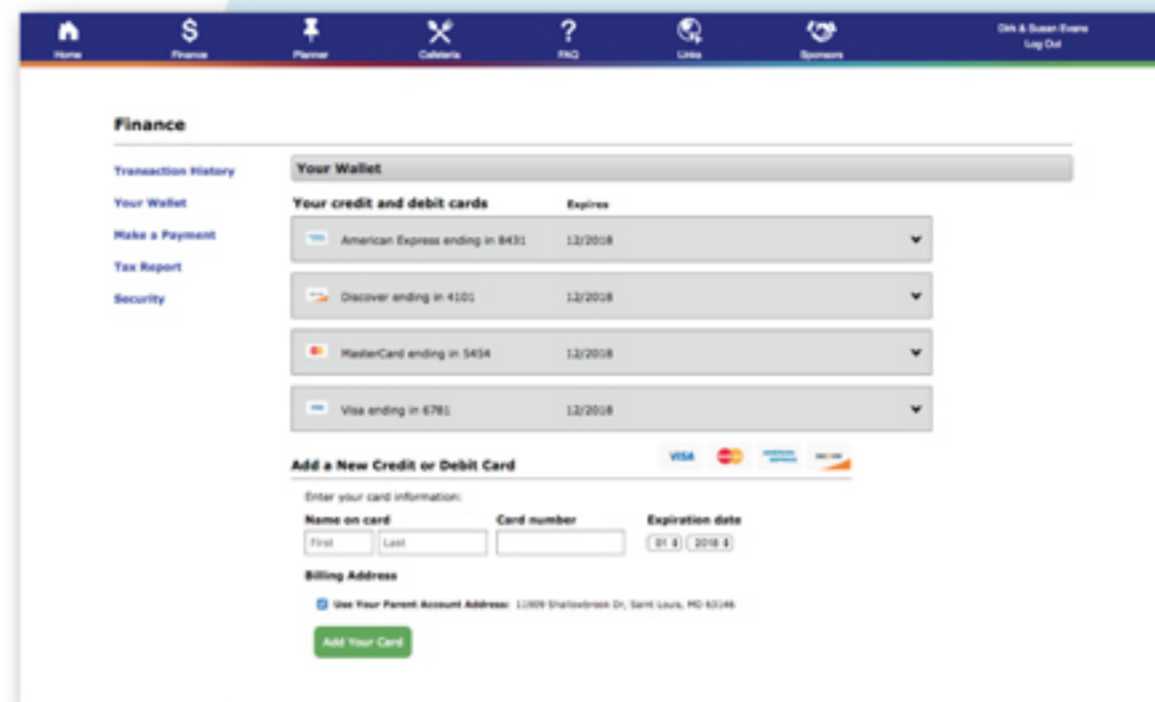

The parent-school connection is strengthened when parents are able to pay for a variety of school-related fees without having to leave their FastDirect parent account. All major credit cards and debit cards are accepted. When a parent makes an electronic credit card payment, the financial transaction file is updated in real time, requiring no data entry by the school.

Reporting

In addition to viewing FastDirect's Finance transactions and balances, administrators also have access to robust reports on the Pace Insight portal - a business intelligence engine that gathers disparate payment data and transforms it into actionable information. You choose how you want the data aggregated into intuitive reports. Follow a transaction from initiation to deposit; making bank reconciliation a breeze. Your school has access to custom and turn-key reports!

Pace

Pace is a premiere financial technology company providing fully-integrated access and business intelligence engines that create an elegant, fully-compliant payment interface for your school. A robust data warehouse, bank reconciliation tool and enterprise reporting suite, transform disparate data points into actionable analytics for your school.

▼ The FastDirect Parent/Guardian account is easy to navigate with all pertinent information within a couple clicks. The Finance tab offers parents the ability to make payments, check balances, view transactions, add or remove credit card information and print out tax reports.

.....
FastDirect Communications with Pace Integration offers:

- ▶ Convenience for Parents - making online payments is fast and simple
- ▶ Credit & Debit Card payments updated immediately in FastDirect's Finance component
- ▶ ACH payments can be scheduled or made on demand (in a future release)
- ▶ PACE reporting for your school, church, and district
