

EXTRA CREDIT

Worth Up to 30 points - May do up to two a quarter

The world is full of opportunities to learn outside the classroom. At any point in the school year you have an opportunity for extra credit.

In order to earn the extra credit, visit a place or event of historical, literary, scientific significance. There are plenty of options just in the Knoxville area. Some possible options: Museums, Historical Sites, Reenactments, Plays. If you aren't sure about something, just ask.

As you visit make sure to note details, take pictures, or pick up brochures as these will help you with your assignment. Once you have that information you are ready to get to work. You will write 3 Powerful Paragraphs about your visit

Possible topics:

- Describe what you saw *and* explain its importance
- Connect it things you are studying in school
- Compare it to another historical event or piece of literature
- Review its strengths and weakness *and* their effect on the experience

Finally, turn it into Ms. Jessie. On the Assignment Line, note the subject you would like the extra credit applied to.

Great Places to Visit:
