

Week of April 8-12

Happy Solar Eclipse Day! We had fun witnessing such an awesome event and making plates for our glasses. It gave us extra protection.

Updates:

- **Friday** is Junior Achievement Day!
- Thank you, Mrs. Vestal for being our class volunteer.
- The students will be learning lessons about business and entrepreneurship.
- With Solar Eclipse Day and Junior Achievement Day, I have to cancel our Spelling Test this week due to lack of instructional time to give a test to all 3 grade classes (on Monday and Friday).
- We have to complete other things.
- Thank you!

Focuses in each subject:

English: We will be working on the body paragraphs of our writing with an emphasis on transitional words and where to use them. We will also focus on descriptive adjectives and showing, not telling by using better, more descriptive language.

Social Studies: We will be focusing on Gulf Coast States/Inland South States and other skills, such as reading map scales.
