

Mrs. Myers's Math Classroom Expectations:

In order for each class to run smoothly, I ask that every student follow 3 simple rules:

- **Be respectful:** This rule includes respect of all school rules, school/individual property and, most importantly, respect for others. Students will be working in collaborative pairs and sometimes groups during class, so this rule is of particular importance. Every student should expect respect in our classroom and be willing to give respect in return.

- **Be organized:** Students are responsible for coming to class prepared. Required daily materials are as follows:
 - Math binder - with handouts and looseleaf**
 - Pencil - no pens will be used for math work**
 - Red pen - for grading only**
 - Calculator**
 - Chromebook**

- **Be punctual:** In order to make the most out of every class period, students are expected to walk in the room and immediately be in their assigned seats and ready to start class.

Math Homework:

- Math homework will be assigned on a daily basis. There may be opportunities in class to work on homework practice problems. Daily assignments will be posted on the Google Classroom "stream" for absent students.
- In the event of an absence, students will be given 1 day for every day they are absent to make-up the assignments. (e.g. If a student is absent on Monday and returns Tuesday he/she has until Wednesday to turn it in.)

***The student will be required to stay caught up on all homework assignments once they have returned. Students will be notified of any tests or quizzes in advance, so students are expected to take the test on the day it is given, even if they were absent the day before. ***

- Late homework assignments will be accepted, but will receive a reduction in points for everyday it is late.

Math Reviews/Study Guides

- Reviews and study guides are extremely important. They will consist of problems similar to those that will be tested on.
- Students will be allowed to make corrections on reviews and study guides for $\frac{1}{2}$ credit per corrected problem.

Corrections must be turned in by the due date. Corrections will not be accepted or graded after the due date.

Extra Help

- If you are having trouble with your work, please see me as soon as possible for extra help.

Extra credit work is NOT given in math.

Leaving the Classroom

- Students **will not** be allowed to leave the room during tests or quizzes, unless there is an emergency.
- All other times are at the discretion of the teacher.

Contact Information

- School Email: smyers@olparish.org
- FastDirect
- I will not check email or phone messages after 5pm on weekdays
- Email and phone messages are not checked over weekends until Sunday evenings.
