Dear SPI parents and families,

Trimester 2 came to a close today! What a year this has been as we continue to adapt to the changes this school year. This year has been so different from years past and has not been easy. The dedication of the parents, students, and staff as we have continued to work at creating a safe and healthy environment for everyone amazes me every single day. There has been so much growth throughout this building and our scholars continue to RISE UP every day through all of the changes we have had to adapt to. I can not wait to see what is in store for our scholars and the goals they will achieve as we enter our final trimester!

Important information is included this week about enrollment, forward exam, attendance, the family voice survey, and school snacks. If you have any questions or need support, please continue to reach out!

In Christ,  
Ms. Doherty

## Forward Exam

Our virtual and in-person scholars in 3rd-8th grade are scheduled to take the Wisconsin Forward Exam April 13th-23rd. Letters have been sent home to each family via Fast Direct with information in regards to testing as well as the testing dates for each virtual scholar. Please note that the exam must be taken **in-person** for all scholars-**there is no virtual option**. We will be taking all precautions and following the CDC guidelines to create a safe testing environment for all scholars. If you have any questions or concerns, please call Ms. Doherty.

## **Enrollment**

**Enrollment is open for March!** If you still need to enroll, use [this link](#) to get started. Please make sure to return all forms that were sent home in the enrollment packet. All families must also submit a proof of residency to complete the enrollment process. If you have any questions, please let us know!

## **Report Cards**

The second trimester ends on Friday, March 5th for both our in person and virtual scholars. Report Cards will be posted on Fast Direct and sent home on Friday, March 12th.

## **Attendance**

Daily attendance plays a vital part in student success. It is incredibly important that our in person scholars are at school and our online scholars are logged into their classrooms each day. Instruction is happening right away at 8:00 and ends at 3:30. Please have your scholars here each day by 8:00 and until the end of the day so they are not missing out on learning!

## **Student snacks**

We are committed to encouraging healthy lifestyles and choices at SPI throughout our day. Students are allotted time during the day for a snack, however, we have been seeing an increase in chips, candy and cookies that scholars are bringing from home, which are not allowed. Please make sure that the snacks that you are sending to school with your scholar are healthy choices. If you have any questions, please call the office.
