## From Mrs. Grellner...

I have very mixed feelings about the fact that there are only 8 more wake-ups until summer break. Every educator and student looks forward to the break. However, there is so much to be done in those 8 days!

Our eighth graders will graduate on Thursday evening. While it is time for them to move on to new adventures, we will miss their personalities and smiles in our building. Please keep them and their families in your prayers.

We are beginning the transition from Fast Direct to FACTS. FACTS will be our new student information system. We will also use the FACTS financial and administration components. In addition, a new website will be created. All of this is very exciting! Change is hard, but it will be good. Right now, we are in the set up and data entry part of the transfer. You will receive emails over the summer with more information. I know I have asked for this a lot during my first year as principal, but I continue to ask for grace and kindness as we all learn how to navigate the new system.

We will be saying goodbye to several staff members at the end of this school year. Take some time to wish these ladies well as they have all played a big role in St. Ambrose School and will be missed dearly.
