

PARENT/GUARDIAN CONSENT FORM FOR ADDITIONAL LUNCH ENTRÉE

(Note: this form is not applicable for preschool families!)

Some of our students have larger appetites than others. For this reason we will continue to offer second entrées to any student in **K-8th grade** who has this signed form on file and meets the criteria below.

In order to participate, the below named student(s) must have a positive balance in the family's lunch account and must participate in hot lunch on the days items are available. The price of the additional main menu item is **\$0.70**.

Students must sign up for the extra lunch item when the lunch count is taken first thing every morning on school days. Tardy students will not be offered the option for additional items as the count will already have been submitted to the kitchen. If your child signs up for the item and has enough money in their account to cover the cost of lunch and the additional item, they will be required to take it. If your child signs up and there is not enough in their account to cover the cost of lunch, they will not receive the additional item. The lunch menu will indicate the days where additional items are available with a * next to the entrée.

- YES, I will allow my child(ren) to have an extra entrée with hot lunch.
- NO, I do not want my child(ren) to be offered an extra entrée with hot lunch.
