

Kindergarten Social Studies Week of April 29

Tuesday: My Town on a Map Craftivity - Students will make a map of our town. Students will consider locations of homes, roads, schools, stores, and more.

Wednesday: Globes and Maps - Students can explain what a globe is, and can compare/contrast globes and maps. We will make a Venn diagram to compare and contrast.

Thursday: Our Continents - Students can tell what a continent is and identify continents on a map or globe. We will do a continent match activity where students will match continents to clues.

Friday: Our Oceans - Students can tell what an ocean is and identify oceans on a map or globe. We will do a mapping oceans activity. Each student will get a large map of the Earth and will label each ocean by name and color them in.
