WEEKLY MESSAGE FROM PASTOR FRICKE

Stars

I love to look up at the sky and watch the stars come out at night. I like to see if I can make out the shape of the Milky Way and find the constellations I learned when I was a kid. And I can't help but think what an awesome God we have, who made all this!

What if all those stars were suddenly gone? What if you went out at night, looked up into the sky, and saw nothing? There would still be beauty in rest of the world. God would be just as awesome and powerful and loving as before. But it wouldn't be as easy to see it in the dark.

St. Paul wrote to the Philippians: "Do everything without grumbling or arguing.... Then you will shine... like stars in the sky as you hold firmly to the word of life" (Philippians 1:14,15). God wants us to shine—to reflect his love in a sin-darkened world. If we don't, he will not stop being God. He will be just as awesome and powerful and loving as always. It would be our loss, not his.

As this school year ends, think about all that. The world needs light. Thank God his love shines in your heart. Let it show in your life!
